

Our Period.

Mathew Hale: *Page 37 of MIRIAM DIVORCEE, 2007. Collage*

Susan Morris: *Calendar/ Dot 2005, 2007. Wallpaper.*

'Our Period.' is a new work by Mathew Hale and Susan Morris. It was made by bringing together, in the gallery, two pre-existing, discreet, works of art, one by each artist (see titles above), overlapping them, and shuffling or displacing various elements of each on to the other, so that they fuse successfully to form a new hybrid work. This fusing of the two works into one is now permanent, taking the form of 'Our Period.'
